AID2017 Focuses On Universal Values For Effective Governance

Last update: 24/10/2017

KUALA LUMPUR, Oct 24 (Bernama) -- Appreciating universal values such as religion, behaviour and culture is the main focus of the ASEAN Integrity Dialogue 2017 (AID 2017) organised by the Malaysian Institute of Integrity (Integrity) on Thursday.

Integrity president and chief executive officer, Datuk Dr Anis Yusal Yusoff said universal values which were sowed in an individual were important elements in achieving good governance in an organisation.

"Global values should be the main subject to be appreciated and respected because without good values, it is difficult to achieve effective governance," he told Bernama at his office at Menara Integriti, here.

He said integrity and governance were also fundamental towards achieving the ASEAN Community's Vision based on three key pillars, namely, the Political Security Community (APSC), the Economic Community (AEC) and the Socio-Cultural Community (ASCC).

AID 2017 would assemble panelists from the ASEAN region to discuss the effectiveness of the instruments or methods used by each country to improve governance with Malaysia represented by the Administrative Modernisation and Management Planning Unit (MAMPU) director Datuk Dr Mazlan Yusoff.....
