KUALA LUMPUR (Aug 12): Prime Minister Tan Sri Muhyiddin Yassin is ready to take on the responsibility of ensuring that the Johor Legislative Assembly meeting focuses on issues that address Covid-19 and the State's economic recovery, rather than politics or matters of self-interest.

Muhyiddin, in a Facebook posting today, said as a member of the Johor Legislative Assembly and within the capacity he has, he will ensure Sultan of Johor Sultan Ibrahim Sultan Iskandar's advice is given priority and acted upon.

"I will ensure Tuanku's advice is given priority and acted upon especially on efforts taken to contain Covid-19 (pandemic) and on Johor's and the country's economic recovery.

"His Highness' guidance and advice will be a guide for me to carry out my responsibilities as an elected representative," Muhyiddin, who is also Gambir Assemblyman, said.

As a leader, Muhyiddin said he and the rest of the Assemblymen are responsible for sincerely helping the people to the best of their abilities and winning the Covid-19 battle together.
