SUNGAI PETANI: Muhammad Haziq Mohd Asyraf's wish to meet with Prime Minister Datuk Seri Ismail Sabri Yaakob is set to be fulfilled later this evening.

The 12-year-old Internet sensation from Bukit Selambau said he was thrilled at the prospect of meeting the prime minister.

Ismail Sabri, who is also Umno vice-president, is scheduled to attend a dinner with Kedah Umno divisions' political committee members at a hotel in Alor Star this evening.

Haziq said he would be honoured to personally present the prime minister his grilled lamb, besides other gifts.

"If the meeting is on, I wish to ask him what his routine is as the PM and what are his favourite foods and beverages.

"I am super excited and delighted to meet up with the PM," he told reporters after being honoured with a visit to Amanjaya Fire and Rescue Department fire station here today.

Present were Kedah Fire and Rescue Department director Sayani Saidon and deputy Syufaat Kamaron.

The elder of two children, who appeared in full firefighter uniform, arrived at the fire station in a fire engine that later took part in a fire fighting demonstration.

He was later awarded with an appreciation certificate and school gear before being taken for a tour at the fire station.

Haziq was elated when he was taken for joyride in an Emergency Medical Rescue Services (EMRS) unit.

Haziq shot to fame after a Facebook video of him "reporting" the discovery of a python at a wet market in Bukit Selambau went viral last month.
